

### **BECOME A LIBRARY FOUNDATION MEMBER**

One of the easiest ways to support the Library is to become a member of the Anacortes Public Library Foundation (APLF), a separate non-profit organization that provides funds for materials and projects that enhance the services provided by the Library. It pays for items such as educational and entertainment programs that are not part of the City's limited library budget. Funds are given to the APLF as one-time cash gifts or through planned giving such as charitable annuities, trusts, or life insurance.

The Foundation Board recently voted to broaden the organization from an executive board to a more inclusive community organization. As a member, you will have the opportunity to foster our community's commitment to library excellence, to contribute your ideas on upcoming activities and future Foundation endeavors, and to volunteer your time and talent for projects that might interests you. You will be invited to a yearly membership meeting for updates on the library and the APLF. You will receive an APLF book bag and 20% off any Foundation event.

The membership is \$40. A Membership form is available below. Please consider joining our new endeavor. For more information about your benefits of membership in the Foundation, call Cynthia at 293-1910 ext. 23 or Sylvia at 420-7774.
